撕線及流水號位置固定不能更動，其餘可更改

The diagram illustrates the layout of a shipping slip. A horizontal dashed red line represents the tear line. The distance from the top edge of the paper to this line is 1.5 cm. The distance from the tear line to the top of the '出貨單' (Shipping Slip) text is 0.5 cm. The text '出貨單' is centered. To the right of the text is a 6-digit serial number '000001' in red. The distance from the tear line to the start of the serial number is 1 cm. The distance from the end of the serial number to the right edge of the slip is 1 cm. The text '出貨單' is underlined. Below the text is a space for the date: '年 月 日'. Below the date is a table with columns for '客戶:' and '簽名:'. Below the table is a grid with columns for '品名', '數量', '單價', and '金額'. The grid has 11 rows. The last row is labeled '合計\$'. Below the grid is a space for '備註'. At the bottom of the page is the company name '新通展印刷有限公司' and contact information: '電話:23121697 傳真:23121584'.
